Fast Track Java

School of Information Sciences

Our Assumption

We assume that each one of you

- has practiced programming some time in the past

- loves to program ☺

Why Java?

Java is widely used in big data technology frameworks and in data analytics

Java will be used in at least one other course in this semester

Our Approach

Use small illustrative ideas to provoke questions

Take a fresh look at object-oriented development with Java

Tools

CLI on Linux

What are the commands?

Which are the options?

CLI reveals that *devil in the detail*

Our Motto

Strive for deeper understanding

Never stop asking questions

Never cease to entertain new ideas
